

Safety Notice

The water depth at **both** ends is 0.9m

Only swimmers who have attained the ASA Competitive Start award may dive into water at the minimum depth of 0.9m.

During the warm up session the responsibility for safety rests with the Team Managers for each club.

No diving is permitted during the warm up.

Should a competitor perform a false start they must continue with a shallow dive; they must not topple into the water as this is dangerous.
